Draft Response to UDN

I was delighted to learn that this year marks the 40th anniversary of United Daily News, and I am pleased to congratulate all who celebrate this milestone of public service.

Your newspaper has played a vital role in keeping the people of Taiwan informed of key events in Taiwan and throughout the world. We look to our newspapers to fulfill a responsibility to inform the communities they serve and to help place the rapid change in all parts of the globe in meaningful context. For four decades, United Daily News has been a source of information and thought-provoking news to Chinese people the world over. I can well appreciate how much your publication has achieved over the years.

Barbara and I send best wishes to the dedicated staff and management of United Daily News and to your loyal readers around the globe. May you continue to celebrate such felicitous occasions.

re: Sept 16

The President  
The White House  
Washington, DC 20500

Dear Mr. President:

You may recall that I arranged an interview with you at the White House for correspondents of *United Daily News* (see enclosed photograph), which is the largest Chinese newspaper for Chinese communities. *United Daily News* and its subsidiaries are strong supporters of the Reagan-Bush and Bush-Quayle Administrations, and they support most Republican candidates as well.

*United Daily News* will be celebrating its Fortieth Anniversary on September 16, 1991, and I would appreciate very much if you would send a congratulatory message (such as that which you sent to *Sing Tao Newspaper* on July 10, 1991--see enclosure) to its headquarters at

*United Daily News*  
231 Adrian Road  
Millbrae, CA 94030

Alternatively, you may send it c/o STEVE M. JEONG REALTY.

Thank you for your kindness. I wish you continued success for Bush Administration policies!

Sincerely,

  
Steve M. Jeong
