Scope and Content

The materials in FOIA 1998-0044-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1998-0044-F contains material in the George Bush Presidential Library concerning George W. Bush, Governor of Texas and son of former President George Bush. Most records relating to George W. Bush

are donated historical materials not subject to FOIA. Material identified in this finding aid is routine in nature. Included are recommendation letters by George W. Bush for Presidential appointments. Other items are requests by Governor Bush for letters from his father to constituents. The materials in this FOIA request date from 1989 to 1992.

System of Arrangement

Records that are responsive to this FOIA request were found in two collection areas—Bush Presidential Records: WHORM Alphabetical Files and Bush Presidential Records: WHORM Subject Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.
