Inventory for FOIA Request 1998-0091-F

Records on HIV/ AIDS Policy

Extent
682 folders

Access
Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright
Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance
Official records of George Bush’s presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By
Staff Archivists, February 1998. Previously restricted materials are added as they are released.

Scope and Content
The materials in FOIA 1998-0091-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1998-0091-F contains materials on the development and implementation of the Bush administration's policy with respect to Acquired Immune Deficiency Syndrome (AIDS) and the Human Immunodeficiency Virus (HIV). The FOIA collection contains correspondence from constituents concerning personal struggles with AIDS, AIDS and immigration, AIDS spending, AIDS research, and AIDS support groups. Most of this material is found in the Alphabetical File. The White House Office of
Records Management Subject Files contain congressional and constituent correspondence and memoranda focusing on the mandate and personnel of the Presidential Commission on AIDS, the international AIDS situation, reforming the INS policy on immigration of people with AIDS, local and state AIDS policies, AIDS testing, funding AIDS research, International AIDS Conferences, and reports on the spread of AIDS and AIDS prevention. Of special note is Subject File category FG446, "National Commission on Acquired Immune Deficiency Syndrome" which contains a great deal of information on Earvin Johnson and Mary Fisher, two appointees to the commission.

The bulk of the material in this collection consists of Bush Presidential, Bush Vice Presidential and Quayle Vice Presidential Staff and Office Files. These files include information on AIDS related events, hemophilia and AIDS, immigration reform, the development and implementation of the Bush administration AIDS policy, Earvin Johnson, Mary Fisher, news clippings about AIDS, and reports and surveys on AIDS.

**System of Arrangement**

Records that are responsive to this FOIA request were found in five collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at [http://bushlibrary.tamu.edu/research/find/whorm/whorm.html](http://bushlibrary.tamu.edu/research/find/whorm/whorm.html).

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 1998-0091-F.
