Inventory for FOIA Request 1998-0194-F

Records on President Bush's Trip to Hungary July 1989

Extent

95 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, August 1998. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 1998-0194-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1998-0194-F contains documents related to President George Bush's trip to Hungary in July 1989

and his diplomatic efforts associated with that country. As part of this request, the entire White House Office of Records Management (WHORM) subcategory relating to Hungary (CO 067) was processed. Documents related to Bush's trip to Hungary can also be found throughout the staff-maintained office files. Logistical and planning information for this trip is concentrated in the files of the White House Advance Office, Office of the First Lady, and the White House Office of Media Affairs. Documents related to the diplomatic relations with the Republic of Hungary, especially as it concerns economic and trade matters, can be found primarily in the files of the Council of Economic Advisors, National Security Council, and the Office of Policy Development. A large proportion of the records of the National Security Council have been closed in accordance with the Presidential Records Act (PRA) due to the nature of advice documented and security classifications. These consist primarily of memoranda, cables, and reports. Please note, however, that the closed material is quite relevant and may prove a valuable resource in the future once restrictions of the PRA and national security have expired. Also located in the office files is material related to Hungarian Prime Minister Jozseph Antall's trip to the United States and the White House ceremony to formally announce the granting of most favored nation status to the Republic of Hungary. Interfiled in the material pertaining to Hungary is information related to other aspects of President Bush's trip, especially his stop in Warsaw, Poland and Paris, France.

System of Arrangement

Records that are responsive to this FOIA request were found in two collection areas—: Bush Presidential Records: WHORM Subject Files and Bush Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 1998-0194-F.
