### **Inventory for FOIA Request 1998-0252-F**

## **Records on Ethics Law Reform**

#### **Extent**

810 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, January 1999. Previously restricted materials are added as they are released.

#### **Scope and Content**

The materials in FOIA 1998-0252-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1998-0252-F consists of material related to the Bush Administration's reform of ethics laws covering the federal government. The major piece of legislation passed was the Ethics Reform Act of 1989 (PL. 101-194) signed on November 30, 1989. Of particular importance are the files of Amy Schwartz of the White House Counsel's Office. Ms. Schwartz was the ethics officer for the White House Office and the

Office of Policy Development, and was therefore responsible for dealing with ethics legislation and White House staff members' ethics issues. She was also the administrative officer for the Presidential Commission on Federal Ethics Law Reform. (Please note that the official files of the President's Commission on Federal Ethics Law Reform are located at the National Archives, Washington, DC.) Upon Ms. Schwartz's departure from the White House, Robert Swanson assumed her ethics duties. Many of these folders concern ethics issues as applied to individual White House staff members and are therefore closed in order to protect these individual's personal privacy.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in three collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open. Please also note that a "\*\*\*" indicates material that was incidentally processed as part of this FOIA request.

The following is a list of documents and folders processed in response to FOIA 1998-0252-F.
