### Inventory for FOIA Request 1998-0387-F

## Records on Nuclear Issues Involving India and Pakistan

#### **Extent**

251 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, August 1998. Previously restricted materials are added as they are released.

#### **Scope and Content**

The materials in FOIA 1998-0387-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1998-0387-F contains information on nuclear issues involving India and Pakistan.

White House Office of Records Management (WHORM) Subject File categories contain congressional and constituent correspondence and memoranda concerning Prime Minister Bhutto's visit to the United States,

Kashmir, human rights, and Afghanistan.

The Staff and Office Files contain memoranda, speeches and speech drafts, and working papers, intelligence reports, and meeting minutes concerning the Pakistani and Indian nuclear programs. Specific issues addressed include the issue of nonproliferation, regional security, technology export controls, and the Shake and Bake case. The files also contain policy suggestions and analysis provided by the intelligence community and high level staff at the White House and State Department. There is also correspondence between the United States and high level Indian and Pakistani officials including Pakistani Prime Minister Benazir Bhutto and Indian Prime Minister Rajiv Gandhi. Of particular note are two groups of Bush Vice presidential records. The first is a large collection of Bush Vice Presidential correspondence from foreigners primarily in India and Pakistan that touch on sensitive issues including nonproliferation, Kashmir, and regional stability. The second are Vice Presidential country files from 1981 to 1988 that cover sensitive issues in Indian, Pakistani, U.S. relations including nonproliferation and high level diplomatic exchanges between the countries.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in five collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 1998-0387-F.
