### Inventory for FOIA Request 1999-0182-F

## Records on Taiwan (The Republic of China)

#### Extent

153 folders

#### Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### Processed By

Staff Archivists, August 1999. Previously restricted materials are added as they are released.

#### Scope and Content

The materials in FOIA 1999-0182-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1999-0182-F contains material related to Taiwan (The Republic of China), including correspondence from Madame Chiang Kai-shek. The material deals with issues such as Taiwan's application for membership in GATT, trade issues, arms sales, and general relations. Researchers should note that since the US transferred official recognition from Taiwan to the People's Republic of China in 1979, the

American Institute in Taiwan (AIT) (under contract to the Department of State) became the contact point for communications between the US and Taiwan. Taiwan's contact in the US was the Coordination Council for North American Affairs (CCNAA). Material includes routine letters from the public and Congress, and routine memoranda within the administration.

White House Office of Records Management (WHORM) Subject Categories contain correspondence, memoranda, news clippings, and brochures from the general public, Congress, and the Bush administration.

The WHORM Alphabetical Files contain letters from the general public concerning Taiwan policies.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. A significant amount of material responsive to this FOIA is contained in the files of the National Security Council (NSC). Although these files are listed, it should be noted that most of these documents are security classified and have been closed under the restrictions of the Presidential Records Act and the Freedom of Information Act.

The Bush Vice Presidential Records primarily contain WHORM Subject Files regarding Taiwan, WHORM Alphabetical Files from the general public concerning Taiwan policies, and Staff and Office Files concerning Taiwan during President Bush's Vice Presidency.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in six collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Alphabetical Files; Bush Vice Presidential Records: WHORM Subject Files; and Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 1999-0182-F.
