Inventory for FOIA Request 1999-0186-F

Records on Panama—Operation Just Cause

Extent
413 folders

Access
Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright
Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance
Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By
Staff Archivists, December 1999. Previously restricted materials are added as they are released.

Scope and Content
The materials in FOIA 1999-0186-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1999-0186-F concerns United States relations with Panama, particularly Operation Just Cause and its aftermath. The United States grew increasingly displeased with the regime of Panamanian strongman Manuel Noriega in the late 1980s as Noriega's connections with South American drug cartels became evident. In the summer of 1989, the U.S. became more concerned after Noriega subverted the electoral
process and encouraged violence against opposition political opponents. In December 1989, following attacks on members of the U.S. armed forces stationed in Panama, the United States struck back in Operation Just Cause, its mission to restore democratic institutions in Panama and arrest Noriega for his role in international drug smuggling. The brief military operation proved successful, and Noriega, after first alluding capture and taking refuge in the Papal Nuncio's residence, surrendered to U.S. authorities. He was transported back to the United States, stood trial on numerous drug-related charges, and was convicted and sentenced to prison.

This FOIA includes letters, memoranda, reports, papers, cables, and notes related to all aspects of our relations with Panama. Materials document high-level diplomatic efforts to resolve the situation in Panama as well as plans and preparations for military action there. Additional materials provide insight into the actual military operations, loss of American military personnel, and civilian and military casualties suffered by Panama. The materials document U.S. relations with other Latin American countries regarding the Panama crisis. Much of this material was generated by National Security Council staff members and remains classified and closed for research. Some letters and memoranda document Congressional interactions over sanctions and military operations against Panama. Internal staff deliberations regarding post-operation policy provide insights into the manner and methods by which the United States supported the reestablishment of democratic institutions and police forces within Panama. However, again, much of this material remains closed currently.

**System of Arrangement**
Records that are responsive to this FOIA request were found in five collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at http://bushlibrary.tamu.edu/research/find/whorm/whorm.html.

Please note that a single asterisk "*" indicates that the category is entirely processed and open. A double asterisk "**" indicates files or documents that were incidentally processed as part of this FOIA request.

The following is a list of documents and folders processed in response to FOIA 1999-0186-F.
