### Inventory for FOIA Request 1999-0285-F [1]

## Records on Civil Rights

#### Extent

1,725 folders

#### Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### Processed By

Staff Archivists, July 2001. Previously restricted materials are added as they are released.

#### Related Collections

Related material may be found in FOIA requests 1999-0285-F [2] entitled "Records on Civil Rights: Vice Presidential Files" and 1999-0285-F [3] entitled "Records on Civil Rights: Rev. Thaddeus Garrett, Jr. Files."

#### Scope and Content

The materials in FOIA 1999-0285-F [1] are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1999-0285-F contains materials on civil rights and the development of civil rights policy and the debate over civil rights legislation during the administration of President George H.W. Bush (1989–1993) and during his tenure as vice president (1981–1989).

Although many Subject File categories contain information relevant to civil rights, several categories stand out because they contain a concentration of materials. Of particular note are three sub-categories processed in their entirety including FG017 (Department of Justice), FG026-01 (Civil Rights, Office of (Department of Education)), and FG093 (U.S. Commission on Civil Rights). Archivists also processed the entire category of Human Rights (HU) for this request. Please see detailed descriptions of these categories attached to this document or see the descriptions at the web page mentioned above.

The WHORM Alphabetical Files contain information on thirty-seven prominent business, political, civic, and civil rights leaders specified by the person who filed this request. These include William Bell, Melvin Bradley, Carlos Campbell, Linda Chavez, Clay Claiborne, James H. Cleaver, William T. Coleman Jr., St. George I.B. Crosse, James Cummings, LeGree Daniels, Thelma Duggin, Arthur Fletcher, H. Minton Francis, Thaddeus Garrett Jr., B. Sam Hart, Alan Keyes, William Keyes, J.A. (Jay) Parker, Clarence Pendleton, Joseph Perkins, Samuel Pierce, J. Steven Rhodes, Stanley Scott, Harry M. Singleton, Daniel J. Smith, J. Clay Smith, Jerry Solomon, Louis Sullivan, Arthur E. Teele Jr., Franklin Thomas, Gloria Toote, Ricardo Urbina, Joan Wallace, Val Washington, Barbara Watson, Armstrong Williams, and Michael Williams. For the convenience of the researcher, each individual, together with all files relevant to that individual, is listed at the end of this finding aid. Please note, however, that these documents are filed within the larger FOIA request and have not been filed separately under each individual name. Hence, the researcher will find files concerning specific individuals listed twice; first within the larger FOIA request under the office and staff member who created the file, and again at the end of this finding aid under the each individual's name.

The Staff and Office Files contain newspapers, journal articles, magazine articles, memoranda, talking points, correspondence, legal briefs, transcripts, news summaries, draft legislation, statements of administration policy (SAP's), case histories, and legislative histories covering a broad range of civil rights issues. Most of the materials are located in the Counsels Office Files of C. Boyden Gray, Fred Nelson, Nelson Lund, and Lee Liberman. Although these files cover a wide range of civil rights issues, the bulk of the Counsels Office files concern the proposed Civil Rights Act of 1990 and the Civil Rights Act of 1991. Although the confidential advice between presidential advisors has been removed in accordance with the Presidential Records Act, almost all correspondence between Senators and Congressmen concerning the Civil Rights Act of 1990 (Kennedy-Hawkins Bill) and the Civil Rights Act of 1991 remains open. Of particular interest are Nelson Lund's files which contain correspondence between Senator John Danforth (R-MO) and White House officials detailing his attempts to broker a compromise between Senator Ted Kennedy (D-MA) and the White House in an effort to avoid a presidential veto of the Civil Rights Act of 1990. Other files of interest in the Counsels Office include Fred Nelson's files focusing on the "business necessity" language of the Civil Rights Act of 1990 which became a major point of disagreement between Senator Kennedy and the White House. Lee Liberman's Civil Rights Legislation Files chronicle the development of the Bush administration's civil rights policy and detail administration objections to the proposed Civil Rights Act of 1990. C. Boyden Gray's files also contain information on the Civil Rights Act of 1990, Senator Danforth's negotiations with the White House, and discussion of the administration's civil rights strategy. Mr. Gray's files also contain information on other civil rights issues including civil rights and the military, civil rights and education, and background information on quotas.

Other areas of interest in the Bush Presidential Staff and Office Files include the files of Marianne McGettigan in the Office of Policy Development and the file of Claudia Butts, Willa Hall Smith, and Joe Watkins in the Office of Public Liaison.

The Bush Vice Presidential White House Office of Records Management (WHORM) Subject File and Bush Vice Presidential White House Office of Records Management (WHORM) Alphabetical File are very similar

to the Bush presidential files of the same name. The Bush Vice Presidential WHORM Subject File contains individually numbered documents discussing various aspects of civil rights. The vice presidential WHORM Alphabetical File contains information on the same thirty-seven individuals listed under the Bush Presidential WHORM Subject File

The Quayle Vice Presidential Records generally contain copies of documents that are found in the Bush Presidential Records except that the documents tend to focus on competitiveness and the impact of certain legislation on the business community. Finally, the Federal Records of Ann Wallace and Bonnie Guiton (U.S. Office of Consumer Affairs) concern trips they made to address organizations on the Bush administration's civil rights policy and civil rights initiatives. In many cases, copies of their remarks are included.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Alphabetical File; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Name Files; Bush Vice Presidential Records: WHORM Subject Files; Vice President Dan Quayle Records: Staff and Office Files; and Federal Records. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 1999-0285-F.
