Inventory for FOIA Request 1999-0285-F [2]

Records on Civil Rights: Vice Presidential Files

Extent

112 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, August 2004. Previously restricted materials are added as they are released.

Related Collections

Related material may be found in FOIA requests 1999-0285-F [1] entitled "Records on Civil Rights" and 1999-0285-F [3] entitled "Records on Civil Rights: Rev. Thaddeus Garrett, Jr. Files."

Scope and Content

The materials in FOIA 1999-0285-F [2] are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1999-0285-F [2] contains Bush Vice Presidential Records relating to civil rights. The records responsive to this FOIA request include memoranda, brochures, press releases, academic articles, speeches and congressional testimony, note-cards, and other printed material.

The memoranda are factual in nature and provide background information on court cases, black organizations, and meetings with civil rights and black leaders.

The brochures are from various religious and ethnic organizations such as the National Catholic Conference for Interracial Justice, Council of Jewish Federations, and the National Bar Association which Vice President's Office of Policy staff collected.

The White House press releases cover a number of topics related to the Reagan Administration's civil rights policy including the Civil Rights Protection Act of 1988, the Martin Luther King, Jr. Holiday, and the Supreme Court ruling on the *Grove City* case.

Articles from various law reviews including the *Michigan Law Review*, the *Georgetown Law Journal*, the *New England Law Review*, and the *Yale Law Journal* examining the Rehabilitation Act of 1973 and Title IX are also incorporated into this collection.

The speeches and congressional testimony in this FOIA are from Vice President Bush and other administration officials including Lynn Walker and Antonio Monroig on civil rights policy.

The note-cards contain information on the Commission on Civil Rights and its membership, fair housing, the federal budget, and the economy.

Other printed material in this FOIA include newspaper articles from publications such as the *New York Times* and the *Washington Post* examining Reagan administration civil rights policy, minorities and education, Vice President George Bush's 1988 presidential campaign, and the vice president's relationship with the black community.

System of Arrangement

Records that are responsive to this FOIA request were found in two collection areas—Bush Vice Presidential Records: WHORM Name Files and Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

The following is a list of documents and folders processed in response to FOIA 1999-0285-F [2].
