Scope and Content

The materials in FOIA 1999-0583-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1999-0583-F contains material concerning the Ministerial Bilateral meeting between President

George Bush and Prime Minister of Japan, Sosuke Uno. The meeting was held at the American Ambassador's Residence in Paris, France on July 14, 1989. Most of the material responsive to this FOIA consists of trade information and other topics to be discussed at the Paris Economic Summit. Only a minute amount of the material in this FOIA had any pertinence to the meeting between President Bush and Prime Minister Uno.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.
