Scope and Content

The materials in FOIA 1999-0862-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 1999-0862-F contains material relating to the U.S. position on the Law of the Sea Convention. Included are memoranda, cables, letters, reports, and printed material from 1981 to 1993 documenting all aspects of U.S. policy regarding the Law of the Sea; including more specifically deep seabed mining

and bridges over navigable straights and waterways. Letters from the general public and members of Congress express opinions regarding Law of the Sea and offer suggestions regarding U.S. policy. White House memoranda and cables provide information on the development of U.S. policy and the reaction to the policy by allies. Some of the material remains classified although some of it was declassified by the originating agencies in response to an earlier legal request.

System of Arrangement

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Subject Files; and Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.
