### Inventory for FOIA Request 2000-1251-F[1]

## Records on Native American Policy Found within the Office of Intergovernmental Affairs

#### **Extent**

291 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, August 2001. Previously restricted materials are added as they are released.

#### **Related Collections**

Related material may be found in FOIA request 2000-1251-F entitled "Indian Affair."

#### **Scope and Content**

The materials in FOIA 2000-1251-F[1] are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2000-1251-F[1] contains records on federal Native American/Indian policy as found within the Office of Intergovernmental Affairs, specifically the files of Mary McClure and Cliff Alderman. These records consist of incoming letters, memoranda, forms and printed material. Letters include public mail and outgoing form letters concerning White House policy on Indian affairs. Memoranda documents contain routine correspondence between Intergovernmental Affairs, the Bureau of Indian Affairs and other governmental agencies. Personal data sheet forms are from the White House Conference on Indian Education. Printed material included news clippings, information mailed in about various tribes and Native American groups

### **System of**

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2000-1251-F[1].
