Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, July 2001. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2001-0827-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2001-0827-F contains materials related to Senator Jesse Helms (R-NC). The majority of the FOIA collection consists of correspondence between Senator Helms and President Bush or others in the White House on a wide range of subjects.

White House Office of Records Management (WHORM) Subject File categories make up the bulk of this request and largely consist of letters from Senator Helms to President Bush, in which Helms expresses his views and concerns on a number of issues, ranging from business/economics to natural resources. Often, the White House's reply to Senator Helms is included. Much of this correspondence is related to national defense and the relationship between the United States and foreign countries. On occasion, letters to the president on issues of national concern are co-signed by other members of the United States Senate. Of particular interest in this FOIA collection are Senator Helms' questions to the administration regarding the INF and START Treaties with the Soviet Union. Please note that some responses to these questions are classified and therefore are closed to research at this time under the restrictions of the Presidential Records Act and the exemptions of the Freedom of Information Act. These pages have been sent for agency referral and previously restricted materials are added as they are released.

Other WHORM Subject File documents contained in this FOIA are Senator Helms' recommendations on behalf of individuals seeking positions within the administration.

Another large portion of this FOIA collection consists of constituent mail that Senator Helms forwards to the White House. This constituent mail is found in both the WHORM Subject File and the Staff and Office Files from the Legislative Affairs Office. The constituent mail typically contains requests for presidential photographs, requests for presidential messages, or invitations for President Bush to attend special events.

The Staff and Office Files consist primarily of the previously mentioned constituent mail, material related to Senator Helms' questions regarding the INF and START treaties, and President Bush's appearances at campaign fundraisers for Senator Helms.

The Vice Presidential records in this FOIA primarily relate to campaign appearances by then Vice President Bush on behalf of Jesse Helms and constituent mail forwarded on to the White House.

System of Arrangement

Records that are responsive to this FOIA request were found in six collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Alphabetical Files; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2001-0827-F.
