Scope and Content

The materials in FOIA 2001-1055-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2005-1055-F contains materials related to actor Charlton Heston. The FOIA collection consists primarily of routine correspondence. Also included are photo requests. Much of the material consists of letters or notes of support from Heston to Vice President and President George Bush. Other

topics mentioned in the FOIA collection include: Heston's support of the Supreme Court's *Beck* decision; his thoughts on gun control; support of the presidential pardon of Casper Weinberger; and questions for Heston's interview with President Bush for the filming of *Air Force One: The Planes and the Presidents—Flight Two*.

System of Arrangement

Records that are responsive to this FOIA request were found in three collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Vice Presidential Records: Name Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.
