#### **Extent**

95 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, April 2007. Previously restricted materials are added as they are released.

#### **Scope and Content**

The materials in FOIA 2001-1360-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

This FOIA request contains materials related to Dana Carvey, Chuck Norris, Arnold Schwarzenegger, the President's Council on Physical Fitness and Sports (PCPF&S) and the National Physical Fitness Classic held in Houston, Texas on May 4, 1984. As such, this FOIA request contains material from both the presidential and vice presidential collections of George H.W. Bush.

The WHORM Subject Files contain some routine correspondence President Bush and Dana Carvey, and between President Bush and Chuck Norris, however the bulk of the material relates to Arnold Schwarzenegger and the PCPF&S. Correspondence between Schwarzenegger and President Bush primarily consists of routine notes of thanks, well wishes and congratulations.

The WHORM Alphabetical Files contain correspondence between President George Bush and the celebrities Dana Carvey, Chuck Norris, and Arnold Schwarzenegger.

The bulk of the Staff and Office Files are also primarily related to Arnold Schwarzenegger and the (PCPF&S). The President's Council on Physical Fitness and Sports was created by an executive order of President Eisenhower in 1956. Copies of executive orders related to the President's Council on Physical Fitness and materials published by the PCPF&S are included in this FOIA request. Also included are documents relating to personnel appointments to the President's Council on Physical Fitness and Sports. Information on the Great American Workout on the White House Lawn is also included.

The Vice Presidential Name File contains general correspondence to and from the President to both Chuck Norris and Arnold Schwarzenegger along with a photocopy of a picture of President Bush and Chuck Norris.

The Vice Presidential Staff and Office Files contain a file pertaining to the National Physical Fitness Classic held in Houston, Texas on May 4, 1984. Materials include letters, notes, itinerary, and photos. A printed booklet with a general information packet about the National Fitness Classic is also included in this FOIA request.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in five collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Name Files; Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

The following is a list of documents and folders processed in response to FOIA 2001-1360-F.
