### Inventory for FOIA Request 2001-1996-F[1] and [2]

## Records on Bush Family and Friends

#### **Extent**

275 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 U.S.C. 552 as amended) and the Presidential Records Act (PRA)(44 U.S.C. 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, U.S.C.) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists during 2004. Previously restricted materials are added as they are released.

#### **Scope and Content**

Presidential Records were processed under the case number 2001-1996-F[1], and Vice Presidential Records were processed under the case number 2001-1996-F[2].

This FOIA request contains correspondence to and from the following list of persons: Winton M. Blount, Kingman Brewster, Jonathan James Bush, Neil M. Bush, Prescott Bush, Jr., William H. Trotter Bush, J. David Eller, Alexander "Sandy" Ellis, Jr., John P. Ellis, Nancy Ellis, John W. Hinckley, Reuben "Ben" Holden, Ronald and Nancy Reagan, George Herbert Walker, Jr., and John M. Walker, Jr. The bulk of this

collection consists of White House Office of Records Management Subject Files. The correspondence consists of letters recommending persons for Federal positions, requesting consideration of private citizens' concerns, bringing information to the President's attention, acknowledging gifts received, inviting the President to events, forwarding items of interest such as magazine articles, and requesting Presidential messages. Also included are memoranda finalizing appointments to various boards, letters and reports regarding possible conflicts of interest involving President Bush's brothers and their business interests and the nomination of John M. Walker, Jr. to a Federal court position, copies of photographs of President Bush and various people, and abstracts of court cases. Documents from the White House Staff and Office Files include newspaper articles about family members, schedules for events, and constituent correspondence and invitations forwarded by family members.

The Vice Presidential collection consists mainly of White House Office of Records Management Subject Files. The majority of this material is constituent correspondence and invitations; both groups of materials were forwarded by family members with requests for consideration. The correspondence covers subjects such as Middle East peace, South Africa, public education, endorsing people for government positions, U.S. Fire Administration, drug dealing in New York City, using the USS Shangri-La as a museum, and commemorative stamp proposals. There is also a subset of correspondence dealing with personal difficulties of the writer (problems with foreign universities, immigration status) who thinks the Vice President could help them. Family members also forwarded articles about issues they thought the Vice President might want to address or about which they thought he should be informed. Invitations are to events such as honorary dinners (either in honor of the Vice President or of someone he knew), festivals, farewell parties, fundraisers, speaking engagements, dedications of various buildings, commencement exercises, conventions and symposiums, and awards programs. The White House Staff and Office Files responsive to this request also contain correspondence related to personal difficulties of the writer, correspondence recommending individuals for governmental positions, and copies of newspaper articles.

Any materials that are purely personal in nature have been removed to a separate series titled Personal Records Misfiled. These materials are not Presidential records and will be processed at a later date under a deed of gift.

Please note that a '\*' indicates that the collection is entirely processed and open. A more detailed description of the materials is available in the finding aid for the office or category.

Please also note that a '\*\*' indicates files or documents that were incidentally processed as part of this FOIA request.

The files and documents responsive to this request are presented first in a comprehensive list of materials in a general arrangement. There follows a second presentation of the files, listed separated by personality.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Name Files; Bush Vice Presidential Records: Staff and Office Files; Quayle Vice Presidential Records: Staff and Office Files; and Federal Records. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a

series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

The following is a list of documents and folders processed in response to FOIA 2001-1996-F.
