Scope and Content

The materials in FOIA 2001-2259-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2001-2259-F contains materials on wages, inflation, and labor shortages during the Bush and Reagan administrations.

White House Office of Records Management (WHORM) Subject File categories contains a report on the use of unemployment insurance wage-record data.

The Staff and Office Files contain memoranda regarding the rise and fall of real wages and cost of living; published reports on wages; newspaper, magazine, and journal articles exploring wage and salary issues; Bureau of Labor Statistics news bulletins; conference papers on wage demographics and wage inequality; General Accounting Office reports on labor-management relations; and transcripts of speeches on inflation.

The Bush Vice Presidential Records: Staff and Office Files contain memoranda regarding wage rate regulations, staff reports on inflation, and constituent letters to the Task Force on Regulatory Relief.

System of Arrangement

Records that are responsive to this FOIA request were found in three collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; and Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.
