Inventory for FOIA Request 2002-0208-F

Records on Gun Control

Extent

247 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records and Bush Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Buffie Hollis, February 2006. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2002-0208-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2002-0208-F contains materials on both the Bush Administration's and the Reagan Administration's stances on gun control.

White House Office of Records Management (WHORM) Subject File categories contain Congressional and constituent correspondence and memoranda concerning using gun control to wage the "war on drugs," safeguarding the Second Amendment to the Constitution, supporting and opposing the "Brady bill" that proposed a waiting period for the sale of handguns, the importing and exporting of certain semi-automatic firearms, and expressing general statements of concern regarding gun control.

The WHORM Alphabetical Files contain letters from the general public concerning gun control.

The Staff and Office Files contain newspaper and magazine articles on gun control and inter- and intra-office memos regarding proposed gun control legislation

The Vice Presidential WHORM Subject File contains constituent correspondence and responses regarding gun control in general, the proposed Racketeer Weapons and Violent Crime Control Act of 1985, and the "plastic guns" issue. The Vice Presidential Staff and Office files contain constituent mail and responses regarding "plastic gun" legislation; staff memos, schedules, and an audiotape regarding the Vice President's 2/1988 trip to New Hampshire and his talk before the Gun Owners of New Hampshire; newspaper clippings and magazine articles regarding gun control; transcripts of Congressional testimony about gun control; Congressional Research Service reports regarding gun control legislation; answers prepared for commonly asked questions about the Vice President's position on gun control during the 1988 campaign; and drafts of proposed responses to constituent mail concerning the "plastic gun" issue.

System of Arrangement

Records that are responsive to this FOIA request were found in five collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Subject Files; and Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2002-0208-F.
