Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Scope and Content

The materials in FOIA 2002-1171-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2002-1171-F contains correspondence between Philip Kopper and the White House. There are two letters from Mr. Kopper to President Bush concerning a book on the history of the National Gallery of Art that he was writing. Also included is the forward that President Bush wrote for the book titled *America's*

National Gallery of Art. The collection also contains correspondence between Mr. Kopper and Shirley Green, Special Assistant to the President for Presidential Messages and Correspondence concerning the possibility of Barbara Bush writing a short essay for WETA Magazine.

System of Arrangement

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Alphabetical Files; and Bush Presidential Records: WHORM Subject Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.
