Records on Dennis B. Ross:

Extent

63 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, November 2007. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2002-1567-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2002-1567-F contains materials from the White House Staff, Bush Vice Presidential Staff, and Quayle Vice Presidential Staff. These materials concern Dennis B. Ross. Dennis Ross worked in the Ross—

Mamedov Group and GPS Working Group in 1989. These records also contain various memos to and from Dennis Ross concerning U.S. and Soviet Relations and Vice Presidential Speeches. A majority of these records are closed under FOIA exemptions concerning National Security.

The White House Office of Records Management (WHORM) Subject Files contain materials concerning personnel selection for the White House, publications by the Environmental Protection Agency, and copies of photos of the President.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. The National Security Council, William Tobey Files contain memoranda related to the Ross Group Meeting. A majority of the National Security Council Files are closed under FOIA exemptions pertaining to National Security.

The Bush Vice Presidential WHORM Files contain various invitations to political and social functions for the Vice President.

The Bush Vice Presidential Staff and Office Files contain memoranda and Vice Presidential speech drafts for Prime Ministers Peres and Shamir of Israel.

The Quayle Vice Presidential Staff and Office Files contain one Meeting File with Dennis Ross. This record is closed under FOIA exemptions pertaining to National Security.

System of Arrangement

Records that are responsive to this FOIA request were found in five collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Subject and WHORM Alphabetical Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2002-1567-F.
