Liberia suffered from a devastating civil war which commenced during the Bush Administration. These records chronicle the events as they unfolded, from the incursion of Charles Taylor's forces (NPFL), the demise of President Samuel K. Doe, through the interim government of ECOWAS, headed by Amos C. Sawyer. Due to the sensitive nature of this topic, many of the records are drawn from the National Security Council files, and, thus, are closed at this time due to national security issues.

The Bush Presidential Records White House Office of Records Management (WHORM) Alphabetical Files contain coversheets, letters, memos, and printed materials. The coversheets are Department of State transmittal forms, and White House Correspondence Tracking Worksheets and Referral Sheets. The letters include correspondence from the public regarding the situation in Liberia, Department of State and Citizens Emergency Center letters to the public regarding this situation, and Department of Health and Human Services (HHS) letters which provide general information regarding federal assistance programs. The memos are Department of State which serve as coversheets for transferred correspondence. The printed material includes the brochure of the Cranmer Seminary of the Anglican Orthodox Church and Anglican Orthodox Church bulletins.

The Bush Presidential Records WHORM Subject File categories include country codes for Benin, Lebanon, Liberia, Nigeria, and Burkina Faso, as well as many other topics with relevance to Liberia. These files contain cables, coversheets, diagrams, letters, lists, memos, notes, a press release, printed material, a resume, a schedule, and telegrams. The cables and telegrams include Violeta Chamorro's thanks to President Bush for his congratulatory letter regarding her inauguration and various Head of State condolences to President Bush regarding the San Francisco earthquake. Coversheets are routine routing, profile, tracking, transmittal, and referral sheets from the National Security Council (NSC) and the White House. The diagrams show the seating arrangements for meetings and the fact sheets give background information regarding Benin. There are letters from citizens and public groups to George Bush congratulating him on various administration activities and expressing concern regarding Liberian civil unrest and the murder of Catholic nuns in Liberia. This material also includes State Department responses to the public and citizen groups regarding their inquiries of these issues. These letters also include George Bush's letter to President Samuel Doe upon Doe's graduation from college and draft letters to inaugural well-wishers. Of interest is Ambassador James Bishop's resignation letter. There are numerous Head of State condolence letters to President Bush regarding the San Francisco earthquake and George Bush's responses. The lists are of meeting participants and the various inaugural messages utilized for reply letters from George Bush to well-wishers. Memos serve primarily to route correspondence regarding various issues, and notes are between White House staff members and address presidential mail, the

Liberian civil unrest, the resignation of Ambassador James Bishop, and various other issues. The press release is the Statement on Liberia: U. S. Diplomatic Efforts and the printed material is comprised of newspaper articles on Liberian civil unrest. This material also includes Peter Jon de Vos' resume and a schedule of an official working visit with Nigerian President Babangida.

The Bush Presidential Records Staff and Office Files include several different offices, but are comprised primarily of various NSC materials. They contain cables, chronologies, coversheets, letters, lists, maps, memos, notes, press releases, printed material, reports, and a resume. The cables forward newspaper articles regarding Liberia and Charles Taylor. The chronologies are of events in Liberia since 1989 and a calendar of events for the general elections for Liberia in 1992. The coversheets are from the White House, NSC, and Department of State. The vast majority of letters are from the public, civic groups, or prominent citizens regarding Liberian civil unrest and the response letters from White House staff. Other correspondence is utilized as coversheets to introduce letters regarding Liberia, including the nominations for William H. Twaddell and Peter Jon de Voss as Ambassadors. There are numerous messages to the White House from congressional leaders on various issues, such the evacuation of U.S. citizens from Monrovia, assistance to Liberia, meetings with White House officials or the President, legislation regarding Liberia, and the elections in Liberia, as well as response letters. There are lists of meeting participants, maps of the countries of Angola and Liberia and the cities of Luanda and Monrovia. The researcher will find multiple memos between White House staff members regarding Lonnie Rex, the nomination of Peter de Voss, requests for photos, meetings, agenda items, and travel, as well as discussions for possible press releases and the Presidential Determination under Public Law 102-270: Liberia. Notes direct correspondence and address the logistics of supervising elections in Liberia, while press releases cover several subjects, such as the release of the Emergency Refugee and Migration Assistance fund (ERMA), U.S. condemnation of the killing of nuns, U.S. support of the Economic Community of West Africa States (ECOWAS), and the nomination of Peter Jon de Vos as Ambassador to Liberia. Printed materials include newspaper articles about the Joint West African Peace Force and numerous public laws and resolutions regarding Liberia. Reports are prepared for congress in regards to Peter de Voss and William H. Twaddell as Ambassadors to Liberia, Cabinet itinerary for upcoming events, and the Justification for Determination and Certification with Respect to Liberia under Public Law 102-270. There is also a resume for Ambassador Peter Jon de Vos.

The Bush Vice Presidential Records WHORM Subject File categories include records for Liberia and Engagements-Appointments-Interviews. These files contain a cable, coversheets, an invitation, letters, and a report. The cable requests a meeting with Vice President Bush. The coversheets route correspondence. The invitation is from Samuel Doe to George Bush to attend a Liberian Embassy reception. The letters are from constituents expressing their views of the situation in Liberia and reply letters from George Bush conveying his appreciation. There are also thank-you and regret letters for invitations to the Liberian Embassy reception and the Redemption Day Celebration in Liberia. The report is a public publication "Impairments to U.S. Trade with Friendly Developing Nations."

The Bush Vice Presidential Records Staff and Office Files are from the National Security Affairs office. These files contain a cable, transmittal forms, an invitation, letters, memos, notes, a report, a schedule, and public statements. The cable requests a meeting with Vice President Bush. The transmittal forms are from the Department of State and direct correspondence. The invitation is from Samuel Doe to George Bush to a Liberian Embassy reception. The letters include a staff letter of appreciation for constituents expressed views, as well as a letter of invitation for George Bush to attend the one hundred thirty-fifth anniversary of Liberian Independence. The notes requests meetings, send regrets, and supply general information. The published report is the "Official Results of the General Elections Held on October 14, 1985." The schedule is for the "Official Working Visit of Liberian Commander-in-Chief Samuel Kanyon Doe to the U.S., August 1982." The statements are George Bush's Departure Statement for Liberian Head of State Samuel K. Doe following his 1982 U.S. visit and the State of the Nation Address to the Nation by Samuel K. Doe, December 11, 1985.

System of Arrangement

Records that are responsive to this FOIA request were found in five collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Subject Files; Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.
