Extent

545 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, March 2008. Previously restricted materials are added as they are released.

Related Collections

Related material may be found in FOIA request 1998-0497-F entitled "Middle East Peace Conference in Madrid, Spain" and FOIA request 2003-0255-F entitled "MEPP, Loan Guarantees to Israel."

Scope and Content

The materials in FOIA 2003-0260-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2003-0260-F contains materials from agencies and individuals including records from the White House Office of Records Management and the White House Staff and Office Files.

The White House Office of Records Management (WHORM) Alphabetical Files contain letters from the general public concerning U.S. policies regarding Israel, Palestine, Persian Gulf, and the Middle East Peace Conference held in Madrid, Spain in 1991.

The WHORM Subject File categories contain correspondence; memoranda; news clippings; and letters from the general public, Congress, and the Bush administration. WHORM Subject File ND016 concerns the Persian Gulf War and its relation to the Middle East Peace Process between Palestinians and the Government of Israel, including petitions to end the conflict in the Persian Gulf, letters regarding U.S. policy towards Israel, and letters from various organizations regarding U.S. policy in the Middle East.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. The National Security Council Files contain files from Richard Haass, Edmund Hull, and C. David Welch. The NSC Numbered Files contain memoranda and reports regarding the Middle East Peace Process. A majority of the NSC Files are closed under the (b)(1) statute concerning national security.

System of Arrangement

Records that are responsive to this FOIA request were found in three collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; and Bush Presidential Records: Staff and Office Files. As policy, WHORM Subject and WHORM Alphabetical Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2003-0260-F.
