## Scope and Content

The materials in FOIA 2003-0372-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2003-0372-F contains materials from agencies and individuals from the White House Office of Records Management (WHORM) and White House Staff and Office Files.

The WHORM Subject File categories contain correspondence, memoranda, news clippings, and brochures from the Bush administration. Most of these files contain presidential trip information and invitations from the Aspen Institute regarding the Aspen Institute Fortieth Anniversary Symposium in 1990, in which President Bush and Great Britain's Prime Minister Margaret Thatcher held meetings.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. The files in the White House Advance Office contain schedules and trip information regarding the president's trip to Aspen, Colorado. The National Security Council (NSC) Files contain talking points and briefing papers regarding the president's meeting with Prime Minister Margaret Thatcher. A majority of the NSC files are closed due to national security issues.

## System of Arrangement

Records that are responsive to this FOIA request were found in two collection areas—Bush Presidential Records: WHORM Subject Files; and the Bush Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.
