Scope and Content

The materials in FOIA 2004-0248-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2004-0248-F contains materials from agencies and individuals related to the Conference on Security and Cooperation in Europe (CSCE), a multi-national deliberative body consisting of the United States and several European nations designed to facilitate international dialogue with the stated aim of settling disputes and conflicts among the nations, arms control, ensuring human rights, and preventing or ending military conflict.

White House Office of Records Management (WHORM) Subject File categories primarily contain correspondence from heads of state, lawmakers, citizens, and interest groups (domestic and foreign) advocating U.S. participation in CSCE negotiations as well as materials pertaining to the selection of personnel to represent U.S. interests as part of the CSCE delegation(s).

The Staff and Office Files contain published reports, correspondence, speeches/ remarks, press releases, fact sheets, biographies, schedules, trip books, travel authorization forms, and talking points which include the full text of the 1992 Helsinki CSCE agreement; memoranda related to the President's meetings with European leaders; National Security Directive 35: U.S.-Soviet Economic Initiatives; press briefings and guidance related to CSCE negotiations/ meeting results; trip books containing schedules/ memoranda/ logistics related to POTUS' trip to the CSCE meetings in Helsinki in 1992 and Paris in 1990; presidential remarks and speeches related to meetings with heads of state on trip to Helsinki and other European countries (including speeches from foreign heads of state); published semi-annual reports to Congress on implementation of Helsinki Final Act; correspondence from U.S. Congress' CSCE Committee to Bush Administration officials regarding routine matters; and travel request forms pertaining to officials participating in the CSCE negotiations. Also included is a significant amount of cables related to the dispute over Cyprus between Greece and Turkey and the war between Azerbaijan and Armenia in Nagorno-Karabakh within the framework of the CSCE.

System of Arrangement

Records that are responsive to this FOIA request were found in four collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. WHORM Subject and WHORM Alphabetical Files are processed at the document level. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2004-0248-F.
