Records on Persian Gulf War Follow-up Request: All Previously Unprocessed Records Related to the Persian Gulf War

Extent

3,497 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and Dan Quayle's vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, July 2009. Previously restricted materials are added as they are released.

Related Collections

FOIA requests 1998-0099-F, 1998-0004-F [2], 1999-0461-F, 1999-0578-F, 2004-1289-F; and the collection on Middle East Peace Process.

Scope and Content

The materials in FOIA 2004-0416-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials. FOIA 2004-0416-F contains Bush Presidential and Quayle Vice Presidential records related to the diplomatic and military response by the United States (as part of a multi-national force) to the Iraqi invasion of Kuwait on August 2, 1990. The first part of the intervention, Operation Desert Shield, took place between September 1990 and January 1991. During this operation the U.S. and a coalition of other nations committed forces to protect Saudi Arabia from further Iraqi aggression. The military campaign to drive Iraq out of Kuwait, Operation Desert Storm, commenced on January 16, 1991, immediately following the expiration of a UN Security Council Resolution demanding the unconditional withdrawal of Iraqi forces.

White House Office of Records Management (WHORM) Subject File categories and Staff and Office Files contain documents concerning Iraq and Kuwait, respectively. Most of the material in these categories concern Iraq's invasion of Kuwait; however, there are significant amounts of unsolicited public correspondence reflecting both favor and angst of the United States intervention in the Gulf Crisis. Another large segment related to this subject is WHORM Subject File National Defense ND016 (Wars—Conflicts).

While most executive branch offices played supporting roles in the effort, a significant amount of material responsive to this FOIA is contained in the files of the National Security Council (NSC). Although these files are listed, note that most of these documents are security classified and have been closed under the restrictions of the Presidential Records Act and the Freedom of Information Act. These documents deal with topics such as the inspection and elimination of Iraq's weapons of mass destruction; diplomatic efforts to create the Gulf Coalition; US policy towards Iraq prior to the conflict; US efforts to assist Kurdish refugees, military operations in the Persian Gulf Theatre, Gulf Crisis chronology and strategies in general, post war diplomacy and all other related efforts found to be tied in some form or fashion to the Gulf Crisis.

Note that records listed in this finding aid were solely processed specifically for this follow-up FOIA request. Records relevant to the topic that were previously processed are **NOT** included in this finding aid. Researchers may refer to the Persian Gulf Crisis Consolidated Finding Aid for an all-encompassing list of records on the Persian Gulf War and Crisis.

System of Arrangement

Records that are responsive to this FOIA request were found in four collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files and Quayle Vice Presidential Records: Staff and Office Files.

The following is a list of documents and folders processed in response to FOIA 2004-0416-F.
