Inventory for FOIA Request 2004-0728-F

Records on U.S.-Nicaragua Relations [Bush Presidential Records]

Extent

551 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records is governed by the Freedom of Information Act (FOIA) (5 USC 552 as amended) and the Presidential Records Act (PRA) (44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, December 2009. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2004-0728-F are responsive to the topic of the FOIA. Related materials can be found in FOIA 2004-0729-F and 2004-0730-F.

FOIA 2004-0728-F contains materials surrounding the events leading up to the election of Violeta B. de Chamorro as President, including Congressional support for the Nicaraguan armed resistance fighters, mustering financial and logistical support for free elections in 1990, and independent international verification of the election. Following Chamorro's successful election, the documents outline the various

efforts to assist Nicaragua in improving its economy through increased trade, extension of credit, and emergency funding; reconciling its previous opposing political factions; and improving diplomatic relations with the United States, such as the official State Visit of President Chamorro on April 17, 1991. Some documents included have been previously declassified during the Iran—Contra investigation and are from the period when Bush served as Vice-President.

A significant amount of material responsive to this FOIA is contained in the files of the National Security Council (NSC). Although these files are listed, it should be noted that most of these documents are security classified and have been closed under the restrictions of the Freedom of Information Act.

Some common acronyms found within these documents include:

- AID – Agency for International Development
- CBERA – Caribbean Basin Economic Recovery Expansion
- CBI – Caribbean Basin Initiative
- CIAV – Commission on Inter-American Verification
- FMLN - Farabundo Marti National Liberation Front
- GON – Government of Nicaragua
- ICJ – International Court of Justice
- NED – National Endowment for Democracy
- OAS – Organization of American States
- OPIC – Overseas Private Investment Corporation
- PCC – Policy Coordinating Committee
- RN – National Resistance
- UNO – National Opposition Union

System of Arrangement

Records that are responsive to this FOIA request were found in three collection areas—Bush Presidential Records: WHORM Alphabetical Files, WHORM Subject Files, and Staff and Office Files. As policy, the WHORM Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2004-0728-F.
