Inventory for FOIA Request 2004-0734-F

Records on Brazil [Bush Presidential Records]

Extent

417 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, January 2010. Previously restricted materials are added as they are released.

Related Collections

Related material may be found in FOIA request 2004-0735-F Brazil [Bush Vice Presidential] and 2004-0736-F entitled Brazil [Quayle Vice Presidential], as well as 1999-0128 entitled Records on the United Nations Conference on Environment and Development (UNCED): Also referred to as the Earth Summit, held at Rio de Janeiro, Brazil in June 1992.

Scope and Content

The materials in FOIA 2004-0734-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of Brazil. Researchers should consult the archivist about related materials.

FOIA 2004-0734-F contains materials relating to the South American country of Brazil. The Presidential Records include White House Office of Records Management (WHORM) Alpha and Subject files, as well as Staff and Office files from various offices of the administration.

The WHORM Alpha files contain letters from individuals, mostly concerning visas and other various immigration issues.

The WHORM subject files contain letters, memoranda, from the general public, Congress, and the Bush administration and notes covering a wide range of topics. Among these are letters to the President expressing opinions and concerns about the United Nation's Conference on Environment and Development in Rio de Janeiro (UNCED), Brazilian debt, and export issues. There are letters between President Bush and Brazilian Presidents Jose Sarney and Fernando Collor on international issues such as Panama and Iraq. Memoranda within the administration cover issues such as the UNCED, nuclear proliferation, regional issues, export and intellectual protection, and general environmental issues. The Staff and Office files include information relating to trips to Brazil by President Bush in 1990 and 1992 and a state visit by President Collor in 1991. Briefing books and schedules provide information on these trips taken by President Bush to Brazil as well as President Collor to the United States. The Social Office files contain information on the state dinner for President and Mrs. Collor. In the files from the NSC, though the majority of these documents remain closed, there are several documents concerning nuclear proliferation, Treaty of Tlatelolco, and the Conference on Environment and Development which was held in Rio de Janeiro June 1992.

System of Arrangement

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; and Bush Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open. Please also note that a "***" indicates material that was incidentally processed as part of this FOIA request.

The following is a list of documents and folders processed in response to FOIA 2004-0734-F.
