#### **Scope and Content**

FOIA 2004-0736-F contains materials from agencies and individuals including the Vice President's Office and the State Department.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. The majority of the material responsive to this request relates to a trip taken to Venezuela, Argentina, Brazil, and Haiti by Vice President Quayle and Mrs. Quayle. There are a few additional materials relating to one other trip taken to several South American and Caribbean Countries, and one solo trip by Mrs. Quayle to Brazil. There are schedules, briefing material, event summaries, and letters detailing the activities of these trips. Included in the records are briefing book that contain event information and schedules for each stop. Also found in these records are remarks and speeches given at these events. One major aspect of the trip to Venezuela, Argentina, Brazil, and Haiti was a US business sector contingent and there are supporting documents such as biographies of the men and events they participated in while in each nation. There are also papers, reports, and summaries on a variety of issues particular to each country such as Brazil and the environment.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in one collection area—Quayle Vice Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2004-0736-F.
