Scope and Content

The materials in FOIA 2004-1014-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2004-1014-F contains materials from the White House Staff and Office files, National Security

Council. The materials processed for this FOIA are presently closed for national security, except for one fax coversheet sent from Bob Dole's Senate office to Bob Gates at the White House.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2004-1014-F.
