Inventory for FOIA Request 2004-2314-F

Records on Nigeria [Bush Presidential and Quayle Vice Presidential]

Extent

167 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, December 2009. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2004-2314-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2004-2314-F contains materials related to U.S.-Nigerian relations in general and the proposed state visit of Nigerian President Ibrahim Babangida to the United States in 1990 specifically. (Babangida

ultimately cancelled the trip.)

(Many of the records in this request have been closed due to national security restrictions. These records will be added to the request if and when they are released.)

The WHORM Alphabetical Files contain correspondence from Jay Anderson to President Bush discussing agricultural projects in Nigeria.

The WHORM Subject Files consist of correspondence from citizens and agri-businesses discussing agricultural assistance to Nigeria and planning/ logistical materials relating to the planned visit of President Babangida to the United States.

The Staff and Office Files contain memoranda, correspondence, schedules/ itineraries, speeches/ remarks, and reports consisting of correspondence from citizens, lawmakers, and interest groups regarding U.S. political and business relations with Nigeria and the transition of that country to democracy; logistical/ planning materials relating to the (cancelled) state visit of Nigerian President Ibrahim Babangida including proposed speeches, schedules, and guest lists; personnel files and routine memoranda related to the appointment of ambassadors to Nigeria; foreign travel authorizations for Bush Administration personnel traveling to Nigeria/ West Africa; discussion papers on the narcotics trade regarding Nigeria; and a copy of the Treaty Between the Government of the United States of America and the Federal Republic of Nigeria on Mutual Legal Assistance in Criminal Matters.

The Quayle Vice President Staff and Office Files consist primarily of trip books from the Vice President's trip to West Africa in September 1991, which include schedules, itineraries, speeches, and other logistical information. Also included are memoranda and talking points related to Vice President Quayle's meetings with Nigerian officials.

System of Arrangement

Records that are responsive to this FOIA request were found in four collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. WHORM Subject and WHORM Alphabetical Files are processed at the document level. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2004-2314-F.
