Related Collections

Related material may be found in FOIA request 2005-0506-F entitled "CNMI (Commonwealth of the Northern Mariana Islands)" and 2005-0508-F, "Guam".

Scope and Content

The materials in FOIA 2005-0507-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

Following liberation from Japanese occupation by the Allies during World War II, the Federate States of Micronesia (FSM)—Chuuk, Kosrae, Pohnpei, and Yap—were administered, along with the Marshall Islands, the Northern Marianas, and Palau, by the United Nations under the auspices of the Trust Territory of the Pacific Islands (TTPI). The FSM entered into a Compact of Free Association with the United States on November 3, 1986 and renewed that relationship in 2004.

(A portion of the records in this request have been closed due to national security restrictions. These records will be added to the request if and when they are released.)

The White House Office of Records Management (WHORM) Alphabetical Files contain correspondence from individuals and Pacific islander interest groups regarding issues and events concerning Micronesia and the Pacific region.

The WHORM Subject File categories contains Congressional correspondence regarding recommendations for ambassadorship to Micronesia; requests from Micronesian leaders to FEMA and President Bush for disaster relief funds due to damage from several typhoons; memoranda, schedules, and talking points for the presentation of diplomatic credentials to President Bush; correspondence from Micronesian officials to Vice President Bush regarding the ratification of the "Compact of Free Association" (as well as a copy of that report); and photocopies of newspaper articles related to Pacific region issues and events.

The Staff and Office Files contain advance planning materials related to President Bush's trip to the Pacific Island Summit in Honolulu in October 1990; testimony by Bush Administration officials before Congress regarding issues of import regarding Micronesia such as fishing rights, economics, and trade; schedule proposals and memoranda related to photo opportunities for Micronesian ambassador with President Bush; applications for flight routes by Micronesian airline subsidiary; requests for disaster relief aid; reports and memoranda regarding the state of U.S.-Micronesian relations; a copy of "An Interim Report of the Northern Mariana Islands Commission on Federal Laws to the Congress of the United States; and Reagan Administration National Security Directives regarding U.S. policy toward Micronesia.

System of Arrangement

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Subject Files; Bush Vice Presidential Records: Name Files; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Subject and WHORM Alphabetical Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.
