Access

Collection is open to all researchers. Access to Bush Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, February – August 2010. Previously restricted materials are added as they are released.

Related Collections

Related material may be found in FOIA request 1998-0001-F entitled "Radio Marti," FOIA request 2005-0996-F entitled "Bush Vice Presidential Records on Cuba," and FOIA Request 2005-0997-F entitled "Quayle Vice Presidential Records on Cuba." Related material can also be found at the Central Intelligence Agency's (CIA) FOIA website, <http://www.foia.cia.gov/> and the Kennedy-Khrushchev exchanges can be found in the State Department's Foreign Relations of the United States, 1961-1963 Volume VI, which can be found online at http://www.state.gov/www/about_state/history/volume_vi/volumevi.html.

Scope and Content

The materials in FOIA 2005-0995-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

The White House Office of Records Management (WHORM) Alphabetical Files contain correspondence from the general public and replies from the White House and other executive branch agencies. Subjects include requests for help in obtaining visas for family members, immigration policy and procedures, the United States' policies toward Cuba, particularly the embargo, and other matters. There is some incidentally processed material from people from the towns of Cuba, Missouri and Cuba City, Wisconsin.

The White House Office of Records Management (WHORM) Subject Files include correspondence, memoranda, and newspaper clippings. Included are correspondence from members of Congress, Cuban interest groups, and the public and replies from executive branch officials concerning the United States' policy toward Cuba, including the embargo, TV Marti, and immigration issues, the relationship between the Soviet Union and Cuba, Haitian refugees, Orlando Bosch, and other subjects. Memoranda between National Security Council (NSC) staff and President Bush discuss the Angola/Namibia accords and implementing new trade regulations; memoranda between NSC and White House staff discuss Presidential speeches and statements regarding Cuba, Cardinal Law's requests, and the administration's position on legislation concerning Cuba, among other topics.

The Staff and Office Files contain memoranda, correspondence, printed material, cables, legislation, speeches, press releases, and newspaper clippings maintained by individual staff members and offices. A large amount of material responsive to this FOIA is contained in the files of the National Security Council (NSC). Although these files are listed, it should be noted that a significant number of these documents are security classified and have been closed under the restrictions of the Freedom of Information Act. Topics include TV and Radio Marti, the embargo against Cuba, immigration policy, human rights issues in Cuba, legislation, and other matters regarding Cuba. Particularly notable series include the Charles A. Gillespie, Jr. Files, the Latin American Affairs Directorate Files, and the William T. Pryce Files.

System of Arrangement

Records that are responsive to this FOIA request were found in three collection areas: Bush Presidential Records: WHORM Alphabetical Files, Bush Presidential Records: WHORM Subject Files, and Bush Presidential Records: Staff and Office Files. As policy, WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

The following is a list of folders processed in response to FOIA 2005-0995-F.

Please note that a single asterisk "*" indicates that the category is entirely processed.
