Inventory for FOIA Request 2006-0280-F

Records on Disability Civil Rights

Extent

190 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, September 2010. Previously restricted materials are added as they are released.

Related Collections

Related material may be found in FOIA request 2006-0257-F entitled "Disability Civil Rights," and FOIA request 2006-0281-F entitled "Disability Civil Rights."

Scope and Content

The materials in FOIA 2006-0280-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2006-0280-F contains materials related to disability civil rights during the George Bush Vice Presidency.

The Bush Vice Presidential WHORM Name and Subject File contains correspondence regarding disability issues, including Handicapped Children's Protection Act of 1985, state schools for the mentally retarded, and invitations for Vice President Bush to attend disability events.

The Bush Vice Presidential Staff and Office files contain correspondence, memoranda, Notice of Proposed Rulemaking (NPRM), Vice Presidential remarks, and printed material maintained by individual staff members and offices. There are correspondence to the Vice President and Mrs. Bush from members of the Administration and the general public regarding disability issues, concerns, and events. The memoranda consist of routine memoranda between White House staff members to the Vice President and other staff members regarding such topics as Section 504 of the Rehabilitation Act of 1973 and P.L. 94-142, the Education of all Handicapped Children Act. The Notice of Proposed Rulemaking consists of agency drafts and comments on the Coordination of Enforcement of Nondiscrimination in Federally Assisted Programs. The Vice Presidential remarks include the Defense Fund (DREDF) public awareness campaign and luncheon. The printed material includes newspaper clippings on learning disabilities, pamphlets from various disability organizations, and articles by Robert A. Bernstein on the disability rights movement.

System of Arrangement

Records that are responsive to this FOIA request were found in three collection areas—Bush Vice Presidential Records: Name Files; Bush Vice Presidential Records: WHORM Subject Files; and Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2006-0280-F.
