Access

Collection is open to all researchers. Access to Bush Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, July–August 2010. Previously restricted materials are added as they are released.

Related Collections

Related material may be found in FOIA requests: 1999-0578-F entitled "Robert Gates National Security Council Files related to the Persian Gulf War;" FOIA request 2007-0176-F entitled "Records on Robert Gates' Schedule, Jan–June 1989;" and FOIA request 2009-0275-F entitled "Brent Scowcroft Files (Assistant to the President for National Security Affairs)."

Scope and Content

The materials in FOIA 2007-0265-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2007-0265-F contains material created by and related to Robert M. Gates, who served as Deputy Assistant to the President for National Security Affairs from April 9, 1989 to August 3, 1989 and as Assistant to the President and Deputy for National Security Affairs from August 3, 1989 to November 5, 1991, when we was appointed as Director of Central Intelligence. A significant portion of the material responsive to this FOIA relates to the 1991 Confirmation Hearings following the nomination of Gates to be the Director of Central Intelligence and, by extension, to the Iran Contra Affair.

Other material responsive to this FOIA consists of correspondence, reports, printed material, transcripts, speeches, press releases, and public statements related to various aspects of Gates' duties as Deputy Assistant to the President for National Security Affairs. The correspondence includes thank your letters from Robert Gates to various staff members, requests from Robert Gates for medals and awards for National Security Council staff members, invitations to speak at or attend conferences and seminars, requests for meetings, and correspondence from citizens discussing various National Security issues. Also enclosed are speeches from President Bush for visits of foreign dignitaries and for various domestic organizations as well as speeches from Robert Gates presented at various conferences and seminars addressing National Security issues. Press releases and public statements discuss international affairs.

It should be noted that a significant number of the documents listed here are security classified and have been closed under the exemptions of the Freedom of Information Act.

System of Arrangement

Records that are responsive to this FOIA request were found in three collection areas—Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; and Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. Staff and Office Files are arranged alphabetically by office.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of folders processed in response to FOIA 2007-0265-F.
