Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Staff Archivists, August 2007. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2007-0470-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2007-0470-F contains Brent Scowcroft's daily appointment schedules for April 1989. The schedules record Scowcroft's calendar of events and meetings for each day. For the purpose of clearing individuals for meetings at the White House, these schedules frequently contain privacy information such as

birthdates, social security numbers, addresses, and telephone numbers; therefore, redactions have been implemented. There are also frequent name redactions under federal statute 50 U.S.C. 403g, Sec. 6.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level; whereas, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2007-0470-F.
