### Inventory for FOIA Request 2008-1179-F

## Records on Cambodia / Kampuchea

#### **Extent**

277 folders.

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, February 2011. Previously restricted materials are added as they are released.

#### **Scope and Content**

The materials in FOIA 2008-1179-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2008-1179-F contains materials related to the nation of Cambodia (also known as Kampuchea) in the years following the 1978 invasion and military occupation of that country by the Socialist Republic of Vietnam (SRV) and the struggle for independence from Vietnamese influence by three Cambodian nationalist forces—the Khmer Rouge, the Sihanouk National Army (ANS), and the KPNLF (Khmer People's

National Liberation Front)—until a United Nations-brokered peace settlement was signed in 1991.

The White House Office of Records Management (WHORM) Alphabetical Files contain letters Cambodian nationals seeking assistance in locating relatives who remained in Cambodia and/ or assistance in obtaining asylum in the United States and correspondence from Cambodian interest groups urging the Bush Administration to prevent a Khmer Rouge return to power following the Vietnamese evacuation of Cambodia.

The WHORM Subject File categories also contain memoranda and correspondence Cambodian nationalist/ interest groups requesting U.S. influence in preventing the return of the Khmer Rouge as well as discussion of general issues related to Southeast Asia. The materials also include a report from former U.S. Representative Richard Ichord regarding a privately-sponsored trip to China.

The Staff and Office Files contain memoranda, talking points, cables, reports, press materials, and correspondence related to the war in Cambodia, such as military actions by the nationalist factions, investigations and findings regarding reports of military coordination between the ANS and Khmer Rouge, discussions of humanitarian/ non-lethal aid to the ANS, aid to Cambodian refugees on the Thai border, discussions by the Permanent Five of the U.N. Security Council at the Peace Conference on Cambodia in Paris, France regarding a permanent peace settlement and peacekeeping program in Cambodia following the Vietnamese departure, and trade and diplomatic relations between the U.S. and Cambodia and Vietnam (especially in relation to unsettled POW/MIA issues).

**(A portion of the records in this request have been closed due to national security restrictions. These records will be added to the request if and when they are released.)**

### **System of Arrangement**

Records that are responsive to this FOIA request were found in six collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Subject File; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2008-1179-F.
