Scope and Content

The materials in FOIA 2008-1280-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2008-1280-F contains materials from agencies and individuals including the National Security Council, State Department, and the Department of Defense pertaining to the U.S.S.R. and communications between Chairman/President Mikhail S. Gorbachev and President George H.W. Bush from 1989 to 1993.

The White House Office of Records Management (WHORM) Alphabetical Files contain letters from individuals regarding U.S. and Soviet relations.

The WHORM Subject File categories contain cables, letters, and draft letters to President Gorbachev from President Bush, as well, as cables and letters from President Gorbachev.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. The National Security Council files contain letters and reports to or about the U.S.S.R. and U.S. policy. These records include negotiations during the Malta, Moscow, and U.S. Summits. The White House Social Office records contain lists of guest invited to the State Visit of President Gorbachev on May 31, 1990.

System of Arrangement

Records that are responsive to this FOIA request were found in four collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2008-1280-F.
