Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, September 2009. Previously restricted materials are added as they are released.

Related Collections

Related material may be found in FOIA request regarding U.S. Foreign Policy during 1989–1993 including China, U.S.S.R., Desert Shield, Desert Storm, the Middle East, Europe, and Eastern Europe.

Scope and Content

The materials in FOIA 2009-0275-S are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2009-0275-S contains materials from the Brent Scowcroft Collection. These materials consist of memoranda, head-of-state correspondence, White House Press Releases, and correspondence to and from Secretaries James A. Baker, III, Richard Cheney, and Brent Scowcroft. These files were used by General Brent Scowcroft while researching topics for the book A World Transformed. The majority of these files were selected by General Scowcroft from the National Security Council Files.

General Brent Scowcroft worked as the Assistant to the President for National Security Affairs from January 20, 1989 to January 20, 1993.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Brent Scowcroft Collection and they are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2009-0275-S.
