Processed By

Staff Archivists, February 2009. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2009-0483-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2009-0483-F contains materials regarding a trip Secretary of State James A. Baker III made to Mongolia in 1990. The White House Office of Records Management (WHORM) Subject Files contain memoranda and forms requesting military aircraft for Secretary Baker's trip.

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: WHORM Subject Files. As policy, WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2009-0483-F.
