Records on Venezuela Any additional information related to subject of FOIA

Extent

654 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, April 2011. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2009-0704-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2009-0704-F contains materials primarily from the White House and State Department related to U.S. relations with Venezuela.

The White House Office of Records Management (WHORM) Alphabetical Files contain letters from U.S. citizens and foreign nationals seeking assistance from the President in resolving residency/ immigration issues and correspondence voicing security concerns related to his trip to the Andean Drug Summit in Cartagena, Colombia.

The WHORM Subject File categories contain memoranda, correspondence, and speeches pertaining to Vice President Quayle's visit to Venezuela to attend the inauguration of President Carlos Andres Perez in 1989 and similar records (including schedules, itineraries, and other planning materials) related to President Bush's trips to Columbia and Venezuela in 1990, as well as Mrs. Bush's trip to Latin America in 1981.

The Staff and Office Files contain White House Advance Office briefing books and planning materials related to President Bush's 1990 Latin America trip; Presidential speeches and remarks; cables and memoranda related to head of state meetings between President Bush and Venezuelan President Carlos Andres Perez and other Latin American leaders; background materials and final report of the Andean Drug Summit; press briefing materials; correspondence between Presidents Bush and Perez; and materials related to the planning of the State Visit of Carlos Andres Perez to Washington, D.C. Other materials include reports and cables related to anti-narcotics/ interdiction efforts and cooperation in Latin America and briefing books related to Vice President Bush's trip to Venezuela to attend the funeral of Venezuelan President Betancourt.

(A portion of the records in this request have been closed due to national security restrictions. These records will be added to the request if and when they are released.)

System of Arrangement

Records that are responsive to this FOIA request were found in six collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Subject File; Bush Vice Presidential Records: Staff and Office Files; Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2009-0704-F.
