Scope and Content
The materials in FOIA 2009-1275-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

Records in FOIA 2009-1275-F come from selected Donald P. Gregg Files pertaining to certain Bush Vice
Presidential trips, primarily to Europe and including the trips to attend the funerals of Soviet leaders Yuri Andropov and Konstantine Chernenko. These records consist of memoranda, correspondence, schedules, cables, speeches, biographies, and newspaper clippings concerning travel schedules and arrangements; meetings with U.S. ambassadors, foreign officials, and foreign political leaders; routine correspondence between George Bush and President Reagan and foreign leaders; and speeches and messages Bush gave during these foreign trips.

**System of Arrangement**

Records that are responsive to this FOIA request were found in one collection areas—Bush Vice Presidential Records: Staff and Office Files. As policy, WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list folders processed in response to FOIA 2009-1275-F.
