## Scope and Content

The materials listed in this finding aid are a selective, not necessarily all inclusive, body of documents responsive to several Bush Presidential Library FOIA requests regarding the United Kingdom. This collection contains Bush Presidential Records, Bush Vice Presidential Records, Quayle Vice Presidential Records, and Federal Records from a variety of White House offices.

The **Bush Presidential materials** consist of correspondence, papers and reports, press releases, printed material, schedules, and speeches. Correspondence between White House staff, National Security Council staff, members of Congress, and U.K. government officials relates to administrative matters, such as travel arrangements, requests for meetings, and preparation for State Visits by Queen Elizabeth II and Prime Ministers Thatcher and Major. Correspondence from private U.S. and U.K. organizations and citizens address concerns such as the repatriation of Vietnamese refugees and the US government's response to the PanAm 103 bombing. Unclassified papers and reports discuss international airline security measures, climate change, and G-24 assistance to Eastern Europe. Press releases include a transcript of President Bush's press conference with Prime Minister Major and statements by the governments of the U.S., U.K., and Hong Kong on Vietnamese Asylum Seekers. Among the speeches from President Bush are toasts and welcome statements for Queen Elizabeth II and Prime Minister Major, a tribute to Prime Minister Thatcher on awarding her the Medal of Freedom, and the President's acceptance speech on receiving the Winston Churchill Award from Queen Elizabeth. Also included are remarks by Queen Elizabeth, Prime Minister Thatcher, and Prime Minister Major during their respective visits to the U.S.

The **Bush Vice President materials** consist of correspondence, printed material, schedules, and speeches. Correspondence between Office of the Vice President staff and U.K. government officials includes administrative information, social exchanges, and requests for meetings. Correspondence from private U.S. and U.K. businesses, organizations, and private citizens requests meetings with Vice President Bush or assistance in obtaining audiences with British officials, invites Vice President Bush to speak at business and private functions, and invites Vice President and Mrs. Bush to participate in dinners, exhibitions, and charitable events. Printed material includes an article by a private North Ireland group on the political situation and a clipping from a British newspaper on South Africa. The speeches from Vice President Bush contain remarks given at the International Institute for Strategic Studies in London, a speech launching the International Democratic Union, and speeches made during various trips to London. Also included are a speech by Prime Minister Thatcher in Belfast and a speech by U.K. Foreign Secretary Pym given in New York on East-West Relations.

The **Quayle Vice Presidential materials** consist of correspondence, schedules, and speeches. The correspondence between Office of the Vice President staff, U.K. government officials, and private British organizations relates to meeting preparation and travel arrangements for Vice President and Mrs. Quayle and invitations to attend events hosted by the British Embassy. Correspondence from private organizations invites Vice President Quayle to speak and requests press interviews. Speeches from Vice President Quayle include remarks to troops and families at an air base in England and a statement during a trip to the U.K.

The **Federal Records** consist of correspondence, printed material, and reports. Correspondence between the U.S. Office of Consumer Affairs, the U.K. Office of Fair Trading, and the U.K. Department of Trade and Industry discusses a Consumer Competence Survey, consumer education, and an OECD Consumer Policy Committee meeting. Correspondence between the Office of Consumer Affairs and British business leaders addresses issues such as privacy and data protection. Printed material includes an article by the Director of Consumer Affairs on treating litigants as consumers and newspaper clippings on consumer protection and protecting personal privacy. Also included are a report from the Committee of Experts on Data Protection related to the protection of personal data and a report by the U.K. National Consumer Council on the commercial use of personal financial info.

It should be noted that many of the documents listed here have been closed for National Security classification and/or other exemptions of the Freedom of Information Act.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in eight collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Name Files; Bush Vice Presidential Records: WHORM Subject Files; Bush Vice Presidential Records: Staff and Office Files; Quayle Vice Presidential Records: Staff and Office Files; and Federal Records. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. Staff and Office Files are arranged alphabetically by office.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.
