Summit Briefing Books

Extent

77 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, March 2011. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2010-1893-S are a systematically processed body of Summit Briefing Books. The documents to be opened are schedules, lists, press releases, and briefing papers. These materials consist of schedules of the President's activities during visits to multiple countries and lists of meeting participants. The press releases include a statement by President Bush following a meeting with Prime Minister Major, a presidential statement at a summit in Martinique, and a list of questions and answers for a press conference.

The unclassified papers contain scenesetters for various meetings, speeches, and events; briefing papers addressing U.S. economic assistance to Eastern Europe and the former Soviet Union, environmental and

energy issues, and government initiatives to assist children; UN declarations and resolutions on the Gulf Crisis, disaster relief, and the protection of children; and a G-7 declaration on non-proliferation.

It should be noted that a significant number of the documents listed here are security classified and have been closed under the restrictions of the Freedom of Information Act.

System of Arrangement

Records that are responsive to this FOIA request were found in the following collection area: Bush Presidential Records: Staff and Office Files. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area. Staff and Office Files are arranged alphabetically by office.

The following is a list of folders processed in response to FOIA 2010-1893-S.
