#### **Processed By**

#### **Scope and Content**

The materials in FOIA 2010-2613-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2010-2613-F contains materials from agencies and individuals including the National Security Council. Most of these files concern Strategic Nuclear Forces (SNF) talks within NATO and SNF policies adopted by the United States.

The WHORM Subject File categories contain correspondence; memoranda; and news clippings.

The Staff and Office Files contain correspondence, memoranda, and publications maintained by individual staff members and offices. The files of Arnold Kanter consist of files on SNF talks in chronological order

### **System of Arrangement**

Records that are responsive to this FOIA request were found in two collection areas—Bush Presidential Records: WHORM Subject Files and Bush Presidential Records: Staff and Office Files.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2010-2613-F.
