Scope and Content

The materials in FOIA 2011-0297-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2011-0297-F contains materials from the Subject Files of National Security Council members R. Nicholas Burns and Ed A. Hewett concerned primarily with U.S. relations with Russia and the other Former Soviet Republics.

The Staff and Office Files contain memoranda, correspondence, reports, cables, and meeting agendas pertaining to U.S. relations with the Soviet Union and (later) the Former Soviet Republics, especially Ukraine. Included are discussions and conclusions regarding trade, diplomatic relations, military-to-military contacts/ cooperation, and issues related to the residual Soviet nuclear materials in the republics following the disintegration of the Soviet Union.

(A portion of the records in this request have been closed due to national security restrictions. These records will be added to the request if and when they are released.)

System of Arrangement

Records that are responsive to this FOIA request were found in one collection area—Bush Presidential Records: Staff and Office Files. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

The following is a list of documents and folders processed in response to FOIA 2011-0297-F.
