### Inventory for FOIA Request 2011-2184-F

## Selected Records on the Iran-Contra Affair

#### **Extent**

1,576 Folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, December 2012. Previously restricted materials are added as they are released.

#### **System of Arrangement**

Records that are responsive to this FOIA request were found in seven collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Name Files; Bush Vice Presidential Records: Subject Files; Bush Vice Presidential Records: Staff and Office Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "\*" indicates that the category is entirely processed and open.

### **Scope and Content**

The materials in FOIA 2011-2184-F are a selective, not necessarily all inclusive, body of documents responsive to the Iran-Contra Affair. This FOIA contains records created during the Iran-Contra Affair in the mid-1980s, as well as records created for the investigations by the President's Special Review Board (the Tower Commission), the Senate Select Committee on Secret Military Assistance to Iran and the Nicaraguan Resistance and the House of Representatives Select Committee to Investigate Covert Arms Transactions with Iran, and the Office of the Independent Counsel for Iran/Contra Matters (Lawrence Walsh). The collection also contains information on tangentially related topics, such as the October Surprise theory and the Bank of Credit and Commerce International (BCCI) affair.

While the events of the Iran-Contra Affair occurred during President Reagan's administration, the investigation by the Office of Independent Counsel (OIC) continued into President Bush's administration. Many of the documents in the Bush Presidential Records (see list below) predate the Bush administration but were collected by the White House Counsel's Office and other agencies in order to respond to requests from the OIC and for research purposes.

The records in this collection consist of correspondence, legal documents, reports, press releases/publications, and printed material. The correspondence includes internal White House memoranda arranging administrative details of travel, meetings, and scheduling; and letters from the Congressional committees, the OIC, the Department of Justice, the National Archives, and White House Counsel's Office requests documents and information pertinent to the investigations into the Iran Contra Affair. Also included is correspondence from various Congressmen, private attorneys representing government officials for OIC investigations, representatives of the press requesting information, and private citizens voicing opinions on the Iran Contra Affair and the subsequent investigations.

The legal documents consists of chronologies, declassified depositions and related documents (copied from the *Report of the Congressional Committees Investigating the Iran-Contra Affair*), opinions and indictments from cases brought by the OIC against Reagan Administration officials involved in the Iran Contra Affair (North, Poindexter, Weinberger, etc.), and filings for the Avirgan v Hull case. Government reports provided by the Office of the Vice President, White House Office of Public Affairs, the OIC, and the Senate Select Committee on Intelligence relate to various aspects of the Iran Contra affair. Privately published reports from US citizens discuss US policy and the VP's involvement.

Press releases include remarks and press conferences by President Reagan and Vice President Bush, responses to questions submitted by the press, transcripts of press briefing regarding the Iran Contra Affair, and the transcript of a press conference by the Tower Commission board. Printed material consists of clippings from various national papers, magazines, journals, and books related to issues such as the Bush's involvement in the Iran-Contra Affair, Oliver North's role, the Tower Commission report, and the Congressional hearings.

It should be noted that a significant number of the documents listed here are security classified and have been closed under the restrictions of the Freedom of Information Act.

The following is a list of documents and folders processed in response to FOIA 2011-2184-F.
