### **Inventory for FOIA Request 2011-2270-F**

## **Records on Korea**

#### **Extent**

128 folders

#### **Access**

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### **Copyright**

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### **Provenance**

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### **Processed By**

Staff Archivists, February 2012. Previously restricted materials are added as they are released.

#### **Related Collections**

Related material may be found in FOIA request 2001-1703-F entitled "North and South Korea".

#### **Scope and Content**

The materials in FOIA 2011-2270-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2011-2270-F contains materials related to President and Mrs. Bush's meetings with Korean

President and Mrs. Roh, the Korean War Memorial and veterans, trade issues, and Vice President and Mrs. Quayle's meetings with President and Mrs. Roh.

President and Mrs. Bush traveled to the Far East, including Korea, to meet with Korean President and Mrs. Roh as well as other Korean officials. A reciprocal visit to Washington, DC was made by President and Mrs. Roh. The main topic of discussion was trade between the United States and Korea—specifically imports and exports. Another aspect of this FOIA addresses the Korean War. President Bush recognized the veterans at a gala, appointed two individuals to the Korean War Veterans Memorial Advisory Board, and unveiled the winning design for the statue to be erected in their honor. Additionally, President Bush conducted the groundbreaking for the memorial.

As Vice President, Bush and Mrs. Bush traveled to the Far East, including Korea, to discuss technology issues. Likewise, Vice President and Mrs. Quayle also traveled to the region to meet with Korean administration officials.

Lastly, a few federal records are present which detail visits between U.S. and Korean officials to discuss trade issues and exchange consumer education information.

### **System of Arrangement**

Records that are responsive to this FOIA request were found in four collection areas—Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: Staff and Office Files; Quayle Vice Presidential Records: Staff and Office Files; and Federal Records. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2011-2270-F.
