Inventory for FOIA Request 2012-0360-F

Records on Estonia, Latvia, and Lithuania

Extent

811 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, September 2012. Previously restricted materials are added as they are released.

System of Arrangement

Records that are responsive to this FOIA request were found in five collection areas—Bush Presidential Records: WHORM Alphabetical Files; Bush Presidential Records: WHORM Subject Files; Bush Presidential Records: Staff and Office Files; Bush Vice Presidential Records: WHORM Subject Files; and Quayle Vice Presidential Records: Staff and Office Files. As policy, WHORM Alphabetical Files and WHORM Subject Files are processed at the document level. Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not

wholly responsive to the subject area.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at <http://bushlibrary.tamu.edu/research/find/whorm/whorm.html>.

Please note that a single asterisk "*" indicates that the category is entirely processed and open.

Scope and Content

The materials in FOIA 2012-0360-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2012-0360-F contains records related to Estonia, Latvia, and Lithuania as well as Russia. These documents address several topics which include humanitarian assistance, medical aid, economic reform, technical assistance, Baltic states' independence, Soviet refuseniks, human rights, and emigration.

The Bush Presidential White House Office of Records Management (WHORM) Alphabetical Files contain letters and memos primarily addressed to President and Mrs. Bush that were sent by private citizens, Baltic citizens, and politicians. Replies to this correspondence are also included. In addition, many government forms are present that track the correspondence by logging in subjects, routing information, actions taken, and disposition.

The Bush Presidential WHORM Subject Files contain material essentially similar to that held in the Alphabetical Files.

The Bush Presidential Staff and Office Files also contain correspondence, as well as unclassified talking points President Bush used when he accepted diplomatic credentials and briefed Senate republican leaders on U.S. support of Baltic self-determination. There are lists of individuals who attended a conference and reception held for Baltic leaders, and the administration's accomplishments towards the Baltic republics. Multiple papers are present which address international financial institutions, medical assistance, export credit guarantees, technical assistance in food distribution, waiver of the Jackson-Vanik Amendment, resolutions, a report to Congress, presentation of diplomatic credentials, and announcement of an aid package for the Baltic community. Additionally, there are magazines, newspapers clippings, publications, official proclamations and political cartoons held in the collection.

The Bush Vice Presidential WHORM Subject Files are comprised of government forms, letters, messages, event programs, and handwritten notes. Their content echoes subjects addressed in the Bush Presidential records.

The Quayle Vice Presidential Staff and Office Files also contain government forms, lists, and correspondence. There are also schedules, papers, speeches, a news release and note cards present. These documents mainly address Vice President and Mrs. Quayle's trip to Europe and the Baltics. Vice President Quayle's meetings and Mrs. Quayle's trip to a health care clinic are the main topic of these documents.

The following is a list of documents and folders processed in response to FOIA 2012-0360-F.
