Inventory for FOIA Request 2012-2323-F

Selected Records on ERISA [Employee Retirement Income Security Act of 1974]

Extent

23 folders

Access

Collection is open to all researchers. Access to Bush Presidential Records, Bush Vice Presidential Records, and Quayle Vice Presidential Records is governed by the Freedom of Information Act (FOIA)(5 USC 552 as amended) and the Presidential Records Act (PRA)(44 USC 22) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George Bush's presidency and vice presidency are housed at the George Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, August 2012. Previously restricted materials are added as they are released.

Scope and Content

The materials in FOIA 2012-2323-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2012-2323-F contains memoranda, reports, and correspondence letters regarding ERISA [Employee Retirement Income Security Act of 1974].

The Staff and Office Files contain records found in the White House Office of Policy Development and the Bush Vice Presidential Office of Policy. These files contain reports from the Task Force of Regulatory Control regarding the effectiveness of ERISA, as well as correspondence from business discussing how ERISA affected their companies and employees.

System of Arrangement

Records that are responsive to this FOIA request were found in two collection areas—Bush Presidential Records: Staff and Office Files and Bush Vice Presidential Records: Staff and Office Files. As policy, Staff and Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of documents and folders processed in response to FOIA 2012-2323-F.
